Questions

Maria Williams, CSAC EIA | Email: mwilliams@csac-eia.org | Website: www.csac-eia.org

How can your organization take advantage of our quality services designed to support your needs and complement your efforts?

Because your needs continue to change, so do our services. We continually evaluate prospective services, tools, and resources to ensure you have comprehensive and cost-effective options available when you need them.

RISK MANAGEMENT

RISK CONTROL

CLAIMS

"With the help of the members, staff, broker, and business partners, the EIA continues to accomplish its mission of providing risk coverage programs and risk management services to its members."

- Mike Fleming, CSAC EIA CEO

CSAC EIA PARTNERS WITH THE INDUSTRY'S BEST TO PROVIDE SERVICES THAT ARE SECOND TO NONE.

Cyber Security Services Prepare and protect your networks, data, devices, and more. Ask Synoptek how you can take proactive steps.

Cost-Containment Partners will be on site to discuss risk control, health and benefits, settlements, injury prevention, and other ways to reduce costs.

Background Checks Comprehensive background checks are a necessary and important pre-employment best practice that will help members meet this obligation. Ask Plexus Global for more information on their services.

Safety Tools & Solutions Talk to long-time EIA partner TargetSolutions about their Learning Management System. Health and Safety Institute (HSI) is the one to go to for CPR/First Aid trainings.

Legal Advice Services Have a question about Labor Law? Need quick risk management advice? Talk to our partners about a wide range of employment law and risk related topics.

Crisis Management Sometimes it's a delicate situation, other times it's simply part of the job. You have options and solutions with crisis management services partners such as Mainstream Unlimited and MHN on your side.

Care Management Return-to-work, Employee Assistance Programs (EAPs), nurse triage, rehabilitation, transportation and language assistance programs - meet with partners dedicated to care management.

Claims Administration Visit with the various TPAs in attendance and see what they can do for your organization's claims.
