Total budgeted revenues are \$1.9B, budgeted expenses are \$1.8B, and budgeted Net Position is \$386M by the end of the fiscal year. Staff reported that \$3.4M in unspent administrative funds from 2022/23 will be applied to offset the 2023/24 billable administrative fees.

**Informational Reports**

The Board received several informational reports, a few of which are noted in the following:

- Summaries were provided on the **status of each of the Programs** and their upcoming renewals, recent legislative activity, and updates related to technology and services.
- Chandler Asset Management provided an overview of the PRISM investment portfolio.

- A **renewal synopsis** was provided in the agenda packet, and **updated premium estimates** are in the process of being distributed to the members.
- Results were presented to the Board on a **recent research study** of the **impact of using the employment legal (EPL) services provided by the Eyres Law Group**. Members that are using those services have much lower EPL claim costs compared to members that are not using the services. From that analysis, the conclusion was that **members have saved approximately \$12M since** the EPL legal services have been offered. Members that are not using the services are highly encouraged to consider doing so, especially since the service is provided at no additional cost to the members.
