

We have made some changes to make it easier to access documents in the File Management System. Below are the details.

Previously there was one link for “File Management System”.

We have split them up for easier understanding and access, they are now “Agendas”, for meeting related material, and “My Entity Documents” for Coverage and Entity related documents.

Both of these links still take you to the page with all of the documents associated with you.

We have also added a section on the bottom of your homepage that links to documents that have been uploaded in the last 30 days. Anything beyond that will still be on the page in the links noted above.
