Master Crime Policy Notice

The CSAC EIA Master Crime Policy can be used to fulfill the bonding requirements for many public officials. In order for it to do so, members must have the policy properly approved and filed. Both a Primary Policy sample template and an Excess Policy sample template are available for download which you can use to file. The information packet about the approval / filing process will be sent directly to the members within the next week. Other non-city or county members may have similar requirements. If you require a certified copy of any other special documentation, please contact Brian Kelley at 916-850-7300.

Committee Nominations End Tuesday, November 25th

There's less than a week left to get involved in one of the EIA's committees. Member involvement and participation is essential to the success of the EIA. Nominations are being accepted through November 25th for new, and returning, committee members.

Nominate yourself or someone in your organization!
