

2017 EIA Healthcare Symposium

March 28, 30, 31

Symposium Topics

Health Benefits Under the Trump Administration

Cutting Health Care Costs without Cutting Benefits

Putting Social Media to Work in Benefits Administration and Employee Communication

Dear Symposium Invitee:

Please join CSAC EIA for the 2017 Healthcare Symposium, where you will hear first-hand from your peers, healthcare specialists, and industry leaders about different approaches to make a positive impact on your organization. The Symposium is more than an opportunity to escape the office for a day. It is a time to bond with others facing the same healthcare challenges as you. CSAC EIA, Alliant and our Carrier partners are a support system in the world of public entity. At the Symposium you will hear practical ways to incorporate new products and technology to address benefits cost and administration challenges common to public sector employers.

Kristy Dalton will join this year's Symposium as our guest speaker. She is the founder and CEO of Government Social Media LLC and is the creator and host of GovGirl, a unique online video show focused on government innovation. Kristy has been invited to speak for NATO, 3CMA, CalPERS, GIS-PRO, Digital Government Summits in 30 state capitals and more!

Don't miss the opportunity to attend this no-cost symposium.

Register and mark your calendar today for the date and location that fits your schedule.
