

PUBLIC RISK INNOVATION, SOLUTIONS, AND MANAGEMENT (PRISM)

Communications With Those Charged With Governance

Submitted by
Gilbert CPAs

We have audited the financial statements of Public Risk Innovation, Solutions, and Management (PRISM) for the year ended June 30, 2022. We are providing PRISM's Board of Directors with information regarding the scope and results of the audit to assist the Board of Directors in overseeing management's financial reporting and disclosure process. This information is intended solely for the use of the Board of Directors and management of PRISM and is not intended to be, and should not be, used by anyone other than these specified parties. The following pages summarize these required communications.

November 18, 2022

RESPONSIBILITIES AND OPINION

Auditors' Responsibilities under Generally Accepted Auditing Standards (GAAS) and Government Auditing Standards, issued by the Comptroller General of the United States

The financial statements are the responsibility of management. As stated in our engagement letter, our responsibility is to express an opinion about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. Our audit of the financial statements does not relieve you or management of your responsibilities.

As part of our audit, we considered internal control of PRISM. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we performed tests of PRISM's compliance with certain provisions of laws, regulations, contracts, and grants. However, the objective of our tests was not to provide an opinion on compliance with such provisions.

We issued an unmodified opinion on the financial statements of the PRISM for the year ended June 30, 2022.

INTERACTIONS WITH MANAGEMENT

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to PRISM's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts.

To our knowledge, there were no such consultations with other accountants.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report.

We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in their letter to us.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit. Management and staff were well prepared and cooperative.

QUALITATIVE ASPECTS OF ACCOUNTING PRACTICES

<p>Significant Accounting Policies</p> <p>Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application.</p>	<p>The significant accounting policies used by PRISM are described in notes to the financial statements.</p> <p>As described in the notes to the financial statements, PRISM implemented GASB Statement No. 87 (GASB 87), <i>Leases</i>, in the year ended June 30, 2022. Although the implementation of GASB 87 requires retroactive application, the amount attributable to the prior year was calculated by management and not deemed to have a material impact on beginning net position. Accordingly, beginning net position was not restated.</p> <p>We noted no transactions entered into by PRISM during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.</p>
<p>Management Judgments and Accounting Estimates</p> <p>Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.</p>	<p>The most sensitive estimates affecting PRISM's financial statements were:</p> <ul style="list-style-type: none"> • Management's estimate of claims liabilities is based on actuarial projections. • The fair value of investments is a market-based measurement, not an entity specific measurement. • Management's estimate of the collectability of accounts receivable is based on Management's assessment of the likelihood of receivable payments on individual accounts. • Management's estimation of prepaid insurance and expenses is based on the period of services paid for in advance. • Management's estimate of the useful lives of property and equipment is based on historical experience and industry standards. • PRISM's Net Pension Liability (NPL) is measured as the proportionate share of the NPL. The NPL is measured as of June 30, 2021. The total pension liability (TPL) used to calculate the NPL was determined by an actuarial valuation as of June 30, 2020 rolled forward to June 30, 2021 using standard update procedures. Using PRISM's individual employer rate plan's share of the risk pool TPL and Fiduciary Net Position (FNP), the proportionate shares of the TPL and FNP at the measurement date are determined for PRISM by the actuary. • PRISM's Net OPEB Liability was measured as of June 30, 2021. PRISM's Total OPEB Liability as well as Deferred Outflows and Deferred Inflows are determined for PRISM by an actuarial consultant. <p>We evaluated the key factors and assumptions used to develop these estimates in determining that they are reasonable in relation to the financial statements taken as a whole. In addition, the related financial statement disclosures are neutral, consistent and clear.</p>

RESULTS OF THE AUDIT

<p>Planned Scope and Timing of the Audit</p>	<p>We performed the audit according to the planned scope and timing previously communicated to you in our engagement letter.</p>
<p>Significant Risks Identified by the Auditor</p> <p>In order to design appropriate audit procedures in accordance with GAAS, the engagement team is required to perform a risk assessment during its audit planning process.</p>	<p>The following significant risk of material misstatement presumed by the auditing standards was incorporated into our audit plan:</p> <ul style="list-style-type: none"> • Management override of controls <p>As part of our audit planning process, we identified the following additional significant risks of material misstatement which were addressed by our audit procedures:</p> <ul style="list-style-type: none"> • Valuation of receivables from excess or reinsurance • Valuation of investments • Valuation of claims liabilities.
<p>Other Audit Findings or Issues</p>	<p>We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as PRISM's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.</p>
<p>Significant Adjustments or Disclosures Not Reflected in the Financial Statements</p> <p>Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management.</p>	<p>No significant adjustments or omitted disclosures were identified during our audit.</p>

SUPPLEMENTARY INFORMATION

Required Supplementary Information

Government Accounting Standards Board (GASB) requires certain supplementary information to accompany PRISM's basic financial statements to be in conformity with generally accepted accounting principles. Such information has been subjected to limited procedures such as inquiries of management about the methods of preparing the information and comparing the information for consistency with the basic financial statements, however, we do not express an opinion because of the limited nature of our procedures.

The following required supplementary information is required to accompany PRISM's basic financial statements and subjected to limited procedures, but no opinion has been expressed:

- Management's Discussion and Analysis
- Schedule of Proportionate Share of the Net Pension Liability
- Schedule of Pension Plan Contributions
- Schedule of Changes in Net OPEB Liability and Related Ratios
- Schedule of PRISM OPEB Contributions
- Reconciliation of Unpaid Claims Liabilities
- Schedule of Earned Premium and Claims Development

Supplementary Information

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

The supplementary information section as listed in the table of contents is presented for the purpose of additional analysis and in our opinion is fairly stated in all material respects in relation to the financial statements as a whole.
